Problem Solving & Coordinated Entry

5CHC's assistance begins with a standardized assessment (utilized by Homeless Service Providers throughout the County). This problem-solving service helps those in need to identify action steps and provides assistance to prevent homelessness, or if necessary, connects them with services to help stabilize their housing situation. 5CHC's Housing Navigation Center also offers access to computer, internet, phone, mailing address, food, and supplies.

Outreach - Street To Home

5CHC's Outreach Team provides food and essential services to those who are chronically homeless living in South County, while helping them transition to affordable housing and supportive services. 5CHC's Outreach Team has specialized knowledge of the challenges faced by living "on the street" and provides a bridge to community services such as housing, health care and substance use treatment.

Homeless Youth

5CHC recognizes homeless youth as a special subpopulation with unique needs and barriers to housing stability. 5CHC provides outreach and case management services to homeless youth ages 16-24 tailored to address the specific needs of this population. Youth are supported with immediate needs, education, job development, and housing assistance.

Warming Center - During inclement weather, 5CHC operates an overnight warming center to provide a safe, warm, and dry place for families and individuals on nights with specific forecasts of rainy or cold weather. To be notified of when the center will be activated, please call or text "Add Me" to (805) 295-1501.

Shelter Services - Transitional Housing

Cabins for Change & Balay Ko on Barca – 5CHC's offers 50 individual cabins in two locations to provide shelter for single adults and couples. These shelters incorporate dignity, compassion and structured guidance via an intensive case-managed, limited-stay program in partnership with the County of San Luis Obispo and Cities of Grover Beach, Arroyo Grande and Pismo Beach. Currently there are 327 people on 5CHC's wait list for this program.
